

Uintah Irrigation Project
Myton, Utah
May 1, 1931

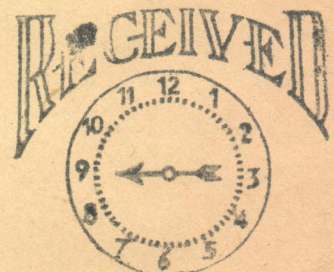

Subject: Uintah - Water Commissioner
From: Paul F. Henderson, Project Engineer
To: C. A. Engle, Supervising Engineer

1. Pursuant to your telephone instructions, also in accordance with written instructions from Director William S. Post, I recently got together with Mr. Colton and the chairman of the defendant Executive Committee whereby Mr. Colton agreed to take over the duties of Water Commissioner on the 27th of April under a verbal agreement between the parties concerned without any reference or authority from the State Engineer, which during the meeting was specifically understood by both parties.

2. This letter is in confirmation of these telephone communications as well as the verbal arrangements which we had in this office the first part of the week.

Paul F. Henderson
Engineer

copy: B. O. Colton
